Prior to the fire, 35 people tested positive and were self-isolating in Moria.

17 mobile public health units are testing everyone entering Kara Tepe Two.

As of 21 September, 214 people have tested positive and are currently self-isolating in the new camp in isolation tents behind barbed wire.

Approximately 1,000 of the most vulnerable refugees from Moria are currently being hosted on a ferry ship which is docked in Sigri on the west coast.

Kara Tepe Two camp is located 4.5 km from Moria, and was built on September 11 as a response to the fire. Kara Tepe Two is built on top of a former archeological site and Greek military shooting range. As of 20 September its capacity was 12,000.

The first Kara Tepe refugee camp was built in 2016 and serves as the overflow site for Moria refugee camp. The main purpose of this camp is to host the most vulnerable refugees. Kara Tepe Two was built only 0.5 km from the first Kara Tepe camp.

Due to a lack of data, the exact number of people in need in Lesvos island is unknown!
